

Eagle Scout Project at Nahant Marsh- Davenport, Iowa

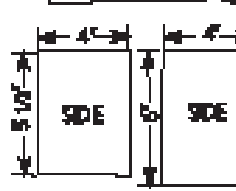

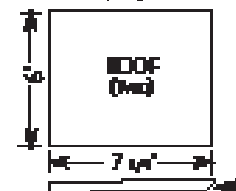

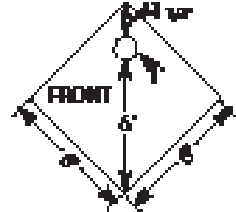

Christian Elliott | 2015

Life Scout with Troop 26 from Blue Grass, Iowa

Attract wren to your yard by duplicating the houses built and placed around Nahant Marsh by Christian Elliott for his Eagle Scout project. (2/2)

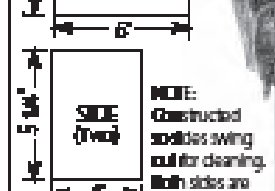

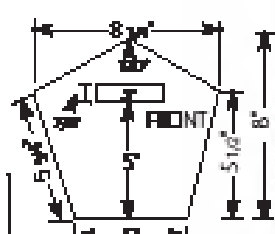

WREN HOUSES

Back corner joint, except
the bottom corners.

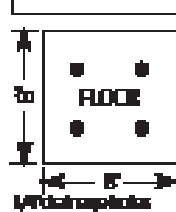

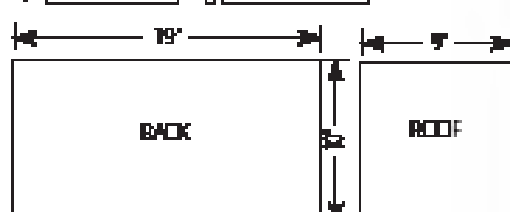

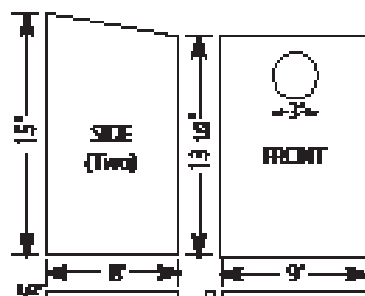

Hang side for observation and
cleaning.

Back corner joint, except there
is no entrance.

NOTE:
Constructed
sides swing
out for cleaning.
Both sides are
secured with
one 1/2" screw.
1/4" drainage
hole.

AMERICAN KESTREL OR SCREECH OWL NEST BOX

NOTE: floor's secured by two 1/2" hinges, and
one 1/2" end eye-bolt.
Mount in a wooded location for owls or an
open, grassy area for kestrels.
Place several inches of wood shavings in
the hollow interior.
