

# Paid Summer Research Opportunities

Students collect data for ongoing research projects at Nahant Marsh and create posters and papers to communicate their results. Research will begin May 28 and projects must be completed by August 10. Your final research results will be presented at the IINSPIRE LSAMP Annual Conference.

This is a good way to network with job recruiters, four year universities, and graduate schools!

## Requirements for Participation

- ◆ All graduating high school seniors and current college students are welcome to participate. However, in order to receive compensation the following criteria must be met:
- ◆ United States citizen or permanent resident
- ◆ College GPA of 2.5 or high school GPA of 2.7
- ◆ Major in a STEM discipline
- ◆ Member of an underrepresented group in STEM, including Black or African-Americans, Alaskan Natives, American Indians, Hispanic Americans, Native Hawaiians, and Native Pacific Islander

**Applications Due by May 7th!**
